## *Special Announcements: All Classes*

READ SHIFTING DULLNESS! Don't miss important information.

With this issue, we begin the new format for SD. We've made some changes which we hope will make it more useful to you as a journal of announcements of importance to medical students. Many announcements will appear ONLY in SD, as we will also be asking Dr. Bradford's office, departmental offices, etc. not to send out general mailings one at a time- it is our belief that such mailings only fill student mailboxes unnecessarily, waste time and paper and are unread by most students. So it will be important to you to quickly scan SD every week for items important to you.

Also, since SD is for medical students, any announcements you may want to make are welcome. Send announcements to SD, Box 2889.
