Special-For Y'all

STUDENT DIRECTORY

This is your last chance to submit your name, address, home phone number, spouse's name to the 75-76 edition of the Medical Student Directory. Mail addresses to: Box 2889, DUMC.

COURSE EVALUATIONS

A new system of course evaluations is now in operation. At the request of medical students, this system is now run by Dr. Busse's office in conjunction with each respective curriculum committee. Course evaluations are considered an integral part of each course. We are aiming at no less than 100% returns for an unbiased and full sample for each course.

Please take the time to fill out your evaluation form. This system was developed at the strong urging of your fellow students.

JUDICIAL BOARD

Final notice-applications for positions on Duke University Judicial Board must be in by October 31. Contact Dwight Robertson, Hospital box 2842.

NCAFP

The first dinner meeting with NC Academy of Family Practice is tentatively scheduled for December 12 at the Chapel Hill Holiday Inn.

The Davison Society in a classic display of poor judgement and clouded sensorium will hold the

Promoma Secundum

A Malignant Masquerade
this Nov. 1 at 8:23 P.M.
(7:23 Central) in Card Gym

for which tickets are now on sale at \$2.50 each outside the cafeteria from 11:30 - 1, Mon-Fri. Beer, set-ups, and refreshments will be served and all are encouraged to come disguised(?) as their favorite disease. You, too, Moose.

PARTY PICNIC

This Saturday, October 25, 1:00 p.m. Beer, volleyball, what-have-you; Poplar Apts, 945 Lambeth Circle (off Erwin Rd) to picnic area. Bring your own food. 1st year studs-come over whenever biochem. exam ends.

BABYSITTER(S) WANTED

December 2-13: Person to be available to care for 4 children of DUMC Physician; Ages 7,8,11,12. Must be able to drive after 3 pm. Home located in the Duke Forest. For more information, call 489-8825.

AMSA VIDEO JOURNAL OCT-NOV PROGRAM

Country doctors: a visit with the national health service corps. Three doctors talk about problems and opportunities they have found practicing in and around Orbisonia, Penn., population 600.

EDGEMONT CLINIC

There have been several questions about how medical students are selected to work at Edgemont Clinic. We keep an updated list of 3rd & 4th year med. students who have contacted us about working at Edgemont in the order in which they contact us. Because of space limitations, we can only accomodate 12 med. students/week. These students are selected in order from the list with one exception: Since we are concerned with long-term care, we must occasionally pass over the first student on the list in order to fill a slot during the summer or holidays. We would like to hear from anyone interested in other areas: i.e. patient ed., screening, clinic admin. Contact: Ken Trofatter, Box 2865.

Externships, etc.

PSYCHIATRY RESEARCH STIPENDS

A number of stipends are available for medical students wishing to undertake brief programs of research under the direction of members of the Psychiatry faculty. Projects may be of a laboratory, clinical or literature review type, or some combination of the above. A major commitment of the student's time is required for an eight-week period. During this time the student may not be taking medical school courses for credit. The total stipend for this period is \$600. Interested students may contact any member of the Psychiatry faculty or Dr. F. Fine (Box 2995, 684-3623) will be happy to provide additional information and to suggest a sponsor whose interests match those of the student.
