DAVISON SOCIETY ELECTIONS

Davison Society elections will be held Thursday through Tuesday this week. Put your ballots in the Davison Society Ballot Box in the mail room.

AMERICAN MEDICAL WOMEN'S ASSOCIATION

There will be a meeting of the AMWA for members, prospective members, and any interested persons (male and female), Monday, Feb. 27 at 8:00 PM in the Davison Conference room, near Shirley Osterhout's office. People who are working in each of our 4 sub-groups should be present. (They are: alternative medical traditions; women's health care issues; personal and career lives; the woman doctor's interactions with other health professionals.)

Agenda:

- Reintroduction of what Duke's AMWA is and hopes to be
- Report from each sub-group on what has been and will be happening (seminars, films, study groups, etc.)
- Discussion of priorities for AMWA
- Election of officers (required by national AMWA)
- saying Hello!!

If you have any questions, contact G.Lorensen, Box 2823.

CONSUMER LAW

A non-credit adult continuing education will be offered at UNC-CH in consumer law. It meets for 10 sessions beginning February 20, from 7:30-9:30 PM (every Monday). Materials covered to include basics of contracts, fraud, small claims, federal trade commission, and N.C. Consumer protection office. For further information, contact Libby Morris, 933-1123.

seminars

The AMSA and AMWA seminar topic this Thursday night is "Dealing with the Terminally Ill Child and his Family." Marie Hall, R.N. will be the speaker in the administrative conference room next to the red elevators, this Thursday night, February 23 from 7:30-8:45 PM. Refreshments will be served.

Externships, etc.

Information on the following programs is available for review in the Medical School Library Reserve Room, in a book entitled Electives Away from Duke.

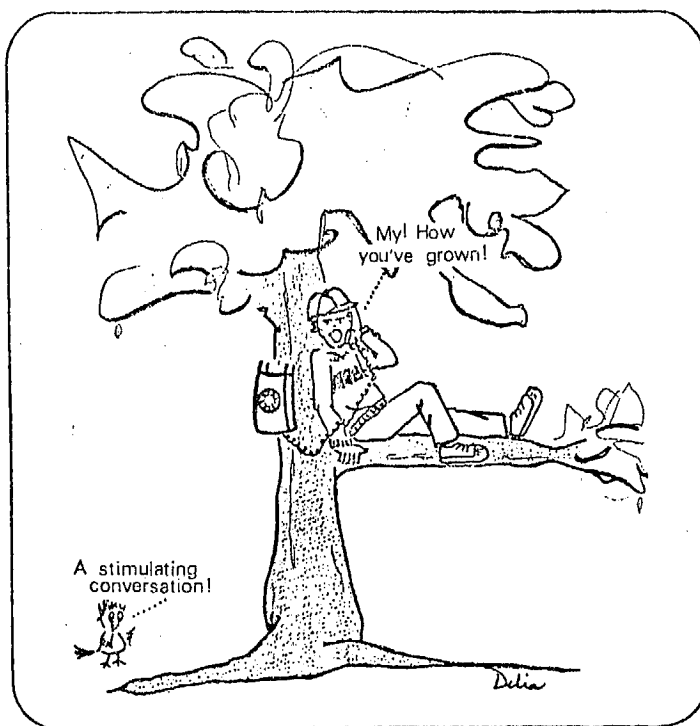

The National Institute of Environmental Health Sciences, Research Triangle Park, N.C., plans to offer summer employment to a limited number of graduate students. Positions will be at the GS-5 level, at a salary of \$4.79/hr. or at the GS-7 level (completion of 1 full year of graduate studies or more) at a salary of \$5.93/hr. Persons interested may apply by submission of a standard form 171 personal qualifications statement and a CSC form 226-list of college courses to the Personnel Office, National Institute of Environmental Health Sciences, P.O. Box 12233, Research Triangle Park, N.C. 27709. Applications must be received by April 15, 1978. Application forms available from Duke Placement Office.

The American Heart Association has established a three month traineeship in cerebrovascular disease at the Mayo Clinic and Mayo Medical School for a fourth year medical student. The traineeship is for 3 months any time from January to December, 1978, and carries a \$1,500 award. The trainee will receive in-depth exposure to the diagnosis, management and pathogenesis of cerebrovascular disease. Upon completion of the traineeship, the student would be required to send a summary letter to the Stroke Council and would then receive a complimentary subscription to the magazine, "Stroke". Applications due to Gerald M. Needham, Ph.D., Mayo Medical School, Rochester, Minn. 55901, by April 1, 1978.

The University of Florida, offers an externship in radiation oncology to 2nd, 3rd, and 4th year medical students. The program aims to provide students with an intimate exposure to the examination, diagnosis, and treatment of the cancer patient. Emphasis is on a multidisciplinary approach to cancer management. For further information contact, Kenneth E. Ellingwood, M.D., Assistant Professor, Division of Radiation Oncology, Box J-385, J. Hillis Miller Health Center, Univ. of Florida, Gainesville, Florida 32610.

PATHOLOGY PUZZLE

Entries to this week's puzzle can be submitted to the ballot box in the Post Office by Monday, February 27, 1978 at noon to be eligible for the prize. The winner last week was Ed Fudman, MSI. The answer was ROMANOWSKY- Methylene blue, giemsa, wrights, eosin, leukocyte.
