Dear Dr. Howard:

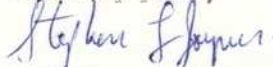

Enclosed is some correspondence for your review.

I am pleased to know you might be able to help us with funds for the Pinshurst meeting. As you know, our funds are very short at present. Dick Shealy and myself are planning to go and we don't know if we will be able to swing funds for accommodations and meals. If you could see fit to help along these lines, I am sure you already know how much we would appreciate it.

I have proceeded with plans to apply for the San Francisco exhibit and again talked with Dr. Johnson and was assured of his support and assistance in this matter.

I am very pleased at the prospects of these meetings and what they may mean to the physician's assistants concept through this type public relations work. I again would like to thank you for your cooperation and assistance in these matters, as well as all the help you have given me personally in this area and at Pitt Hospital in my endeavor to become established here.

Sincerely yours,

Stephen L. Joyner
