Mat Stats

Susan Hazzard

The following statistics were excerpted from the Matriculation 1987 Student Questionnaire for your reading entertainment.

Female : male = 36.2% : 63.5%

Date of birth: those born in 1965 comprised the greatest majority with 35.1%, with the youngest being born in 1967 comprising 2.1% and the eldest being born before 1949 comprising 1.0%.

Nationalities: Hispanics = 5.2% Blacks = 5.6% Asians = 10.7% Whites = 77.3%.

Decision to study medicine during high school was made by 30.1%, prior to high school by 19.9%, and after high school by 12.9%.

Confidence in success: very = 67.0% fairly = 32.1% not at all = 0.8%.

Providing service to people was the overwhelming primary objective for entering medicine by 83.2%.

Selected specialty choices:

- Family Practice = 14.5%
- Orthopedic Surgery = 11.8%
- General Pediatrics = 7.9%
- Plastic Surgery = 5.2%
- Ob/Gyn = 5.1%
- Emergency Medicine = 4.2%
- Cardiology = 3.1%
- Colon and rectal surgery = 0.2%

Career Activity Areas:

- Private practice = 59.3%
- Salaried clinical practice = 19.3%
- Full time academic = 16.6%
- Salaried research = 1.8%

Marital Status:

- Not Married = 79.0%
- Engaged = 3.8%
- Married = 14.7%

Political orientation:

- Middle of the road = 32.9%
- Conservative = 29.0%
- Liberal = 26.9%

Mean Parental Income: \$71,426

Mean Debt :

- Pre-med = \$7,412
- Consumer = \$11,728

Clothes to Scholarships

The Nearly New Shoppe gives \$100,000 per year for medical school scholarships. Bring us your unwanted clothes and household items to convert into Duke scholarships. Receiving 10 am to 1 pm daily at 615 Douglas Street (behind the Brownstone Inn).

AMAERF Scholarships

The American Medical Association-Education and Research Foundation is offering scholarships in clinical nutrition to third- and fourth-year medical students who have completed the required clerkships in medicine, surgery and pediatrics. The scholarship program consists of four- to six-week clerkships in general, pediatric, and surgical nutrition offered by 22 medical schools across

the country, throughout the year. A copy of the AMA-ERF *Description of Clerkship Programs* for Scholarships in Clinical Nutrition is available for student perusal in the Dean's office of all US medical schools. Scholarships are only for students who do not have clinical nutrition clerkships available, or available in their special area of interest at their own schools. Students who are accepted to the program will receive a \$700 award to defray living and traveling costs.

Deadline for applications is 2-1-89 for clerkships from June to December 1989. For application forms contact: Department of Personal Health, AMA, 535 N. Dearborn Street, Chicago, IL 60610 or call (312) 645-5073.

Union Events

Rowena Dolor

SEPTEMBER

- 30 Bruce Hensby and the Range: Cameron Indoor Stadium, 8 pm. Tickets \$15.50.

REVIEW OF SPORTS (ROS)

Steve Gallup

Soccer: MSI's and MSII's met in August for the annual soccer challenge match, and the year of gruelling practice on East Campus paid off for the ward-bound MSII's who sought not only to defend their title but also to do justice to a game which they might never chance to play again (we work so hard). Ex-soccer stars Salim Idriss, Andre Gazdag, goalie Mike Wallace and their cohorts lent a little sparkle to the contest with their stylish play and naive enthusiasm, but ended up drowning their sorrowful 4-0 skunking in booze after the game. Parham Ganchi, whose quota of goals for every game is two, remained without a hat trick, while Kevin Doyle finally took a shot below the crossbar for a goal, and Adrian Cotterell kindly subbed out of the center forward spot long enough for "Maradona" Gallup to put one home. Bruce Klagherz redeemed his team's image slightly by christening the game with blood when he got turfed by Clark Otley.

Biking: 12 mad bikers made the odyssey from Duke Chapel to the reservoir later in August. Actually, only three made the complete journey. Alison W., Chris Stille and Steve Gallup hiked their bikes through the 1 1/2 mile jungle trail, while the lackadaisical people with the bikelocks stopped at the 'Maintenance Ends' sign and walked (sheesh!). The others in the party get credit for hiking the trail but not for finding the reservoir. Oh well. Best 20 foot jump from a tree goes to Michael Eng (were those swimming trunks, Mike?). This is the same person who feeds Apple Newtons to the fish from between his toes. No one was turned into road kill (although we heard really beautiful stories from the grocery clerk), and no one drowned, but other than that it was pretty fun.

Drinking: I have to include this because the first-years were playing some pretty lewd and sophisticated games at the third-years' end-of-rotation party. Mary Kirk and Helen Gordon led the sexually explicit games even though Herb Chen and Michael Eng were shocked and paralyzed by the crudity of the entire proceedings.

Hang Gliding: Only the sporting faithful made this sojourn to Jockey's Ridge to challenge the winds and soar like gods just inches above the rushing sand in hopes of making that perfect "flair" in the milliseconds before demolition. "Wild Man" did it with a vengeance.

Mike Eng showed us how to lean into a turn and crash dive with perfection. As soon as we get enough paper for our own kite we're heading for Grandfather's Mountain.

Volleyball: Only the Fever Spikers have played at the time of this writing, but they show the ability to spike with impunity, albeit out-of-bounds. Natalie C-name had the gall to go out to a Family Medicine meeting and was late (which is a very evil thing to be) for the first game. I had to punish everybody for this by getting them to the gym 30 minutes early for the next game. Cathy Walsh showed how easy Medicine can be by attending both games.

Football: The Cadavaliers broke a 12 to 12 tie by scoring a safety in the final seconds to defeat the Divinity School. As usual the game belonged to the referees who love to antagonize everyone with the rules, which takes all the fun out of the game.

Assessment / Plan

1) Volleyball Tourney to benefit somebody - Oct. 1 at Jaycee Park in beautiful Raleigh. Information on the MCA door, courtesy of an anonymous sports friend.

2) Running, running, running. Duke Med School has a long (at least one year) history of producing great runners. Are those trophies still in CTL? Now that I've retired my running shoes forever, we need rising stars.

Sat. Oct. 1 - City of Durham 10K Road Race. \$8 before 9/28.

Sat. Oct. 8 - Duke 5K Run. \$3 before 10/1.

Sun. Oct. 16 - McPherson 5K Run for Sight and Sound. \$4 before 10/10.

For more info check the bulletin board outside CTL or call the Sports Hotline 383-7988.

3) IM Tennis - Singles: entries open 9/26 and close 9/30. Doubles: entries open 10/3 and close 10/7.

4) 3 on 3 Basketball - entries open 10/3 and close 10/7.

5) Lots of varsity games to spectate. Why isn't everyone hell-raising at the soccer games? Even Dean Graham (who hates all sports and fun things) was at the UNC game!

Shifting Dullness wants (needs!) you...
