Dear Mr. Lippe:

We here at the Duke Physician's Assistant Program are trying to determine which companies are currently writing professional liability coverage for physician's assistants and their employing physicians. We are of course aware that the Insurance Rating Board codes 9710H and 9711 are in effect for this situation. We would be most grateful if you could supply us with a list of the companies which are members of the Board so that we might contact them regarding such matters as whether there has been any demand for this coverage to date, rate schedules, etc.

Thank you very much for your help.

Sincerely,

(Mrs.) Martha Ballenger
